Education

2018–present	**Alta Scuola Politecnica**, *Politecnico di Milano and Politecnico di Torino*.
2018–present	**Master's Degree in Computer Engineering**, *Politecnico di Torino*, Turin, IT. Major: Data Science
2015-2018	**Bachelor's Degree in Computer Engineering**, *Sapienza Università di Roma*, Rome, IT. Grade: 110/110 summa cum laude
2010-2015	**Scientific high school degree**, *Liceo Scientifico A. Labriola*, Rome, IT. Grade: 100/100 summa cum laude

Skills

Industry Knowledge	Machine Learning, Deep Learning, Artificial Intelligence, Data Mining, Software Engineering, Software Developing, Computer Security
Tools and technologies	python, pytorch, pandas, SQL, C, Linux, LaTeX, Ruby on Rails, Vue.js

Honors and Awards

2018	**Google Workshop for Cloud and Web Development winner**, the workshop focused on Cloud and Web Development, using primarily - but not exclusively - Google tools and technologies. Students grouped in teams and each one of them came up with a project, and ours (named Carbonara) was the winner. We later released it at carbonaraproject.com.
2017	**cyberchallenge.it**, I was one of the 25 students admitted to the cyber-challenge.it training program in cybersecurity for talented high-school and undergraduate students (18-23). This training program covers malware analysis and dissection, penetration testing and vulnerability assessment: seminars about threats telemetry, cognitive security, secure coding and so on are held weekly.

2015 **National Excellence Register**, for obtaining the scientific high school degree with 100/100 summa cum laude.

2014 **Bronze Medal at the Mathematics Olympiads**, national competition held in Cesenatico in May 2014, after a selection of 300 students all over Italy. I also took part to the 2015 edition of the Olympiads.

Certifications

English   TOEFL iBT Test 100/120
